

**CUSTOMISED SPECIALITY
THERMOPLASTIC COMPOUNDS**

ABOUT US

Apar Industries Ltd was founded by Late Shri. Dharmsinh D. Desai in the year 1958.

Apar is operating in the diverse fields of Speciality Oil & Lubricants, Aluminum & Alloy Conductors, Electrical & Telecom Cables, ENI Automotive Lubricants & Polymers.

Apar's Polymer Division was established in the year 2014. We are the leading manufacturer of Thermoplastic Elastomers under the brand Aparprene®.

With a vision to become the leading & reliable global player, Apar Polymer has made substantial investments to set up a state of the art manufacturing facility for production of Thermoplastic Elastomer polymer compounds in Umbergaon, Gujarat.

Apar Polymer has a robust logistic infrastructure to cater to domestic and international requirements.

Being an ISO 9001 certified company, we believe in Total Quality Management as the means for continuous improvement in our products and services. We address all the three dimensions - People, Processes and Products.

We have created a top notch testing facility to assure the quality of finished products.

We have deployed an experienced technical workforce with subject matter experts & technical consultants to offer wide range of customized polymer compounds.
